French Citizen — Master's student in Data & AI Engineering at ECE Paris, backed by international R&D experience at Continental South Korea as well as academic exchange at Kyungpook National University (KNU). Building upon a strong foundation in Machine Learning, Deep Learning (TensorFlow, PyTorch), Data Engineering, and IT Project Management, **I am currently seeking a 6-month Data & AI Engineering Internship starting Jan 2027 (eligible for Working Holiday / Training Visas).**

EDUCATION

MASTER'S DEGREE IN DATA & AI ENGINEERING

2025 – 2027

ECE Paris, Engineering School – Paris, France (Minors: Digital Product Design & Defense)

ACADEMIC EXCHANGE – COMPUTER SCIENCE & ARTIFICIAL INTELLIGENCE

Sept 2024 – Dec 2024

Kyungpook National University (KNU) – Daegu, South Korea

FRENCH BACCALAUREATE (MATHS, PHYSICS, ENGINEER SCIENCE) – HIGHEST HONORS

2019 – 2022

Lycée Jeanne d'Albret – Saint-Germain-en-Laye, France

TECHNICAL PROJECTS

WHERE IS MY SAM – EMERGENCY SEARCH & TRACKING ENGINE

2026

Python, Spatial Indexing (KD-Trees), Algorithms, Software Architecture

- Engineered a spatial pathfinding algorithm to compute shortest emergency routes across Paris while incorporating up to 30% route deviations in compliance with French regulations.
- Nominated by the **French Ministry of the Interior** for the national Inov'Street competition.

SEOUL REAL ESTATE ANALYTICS & BI PANEL

2025

Python, SQL, Power BI, TensorFlow, Predictive Modeling

- Built an end-to-end data pipeline analyzing **50k+ Jeonse transaction records** in Seoul, reaching **88% valuation model accuracy**.
- Delivered interactive Power BI dashboards comparing Jeonse deposit risks against classic monthly lease structures.

NEURAL SPEECH & VOICE RECOGNITION SYSTEM

2025

C/C++, Arduino DUE, MAX9814, Embedded Signal Processing, TinyML

- Developed an offline neural network classifier achieving **94% voice recognition accuracy** with **<200ms latency** on microcontroller.

WORK EXPERIENCE

BID MANAGER INTERN

April 2026 – August 2026

SII Group – France

- Coordinated technical proposals and budget estimates for RFPs in IT and high-tech engineering consulting.
- Collaborated with technical leads to scope Data/IT engineering resources, pricing models, and project roadmaps.

PROJECT & SALES MANAGER

Sept 2025 – Present

JEECE (Junior-Enterprise) – Paris, France (Awarded Best Electronic Junior-Enterprise 2025 & Top 20 Overall in France)

- Led commercial prospecting and technical scoping for engineering and IT client projects across France.
- Supervised engineering consultants through requirements definition, sprint planning, and quality assurance deployment.

ENGINEERING & HR INTERN

Dec 2024 – Feb 2025

Continental – Seohyeon, South Korea

- Conducted cross-cultural R&D organizational study on engineer morale ahead of corporate spin-off ; presented directly to Executive Board and CEO.
